Comments

“ Calvin became my uncle when he married my mmother’s Sister. To the family they were Gee and CD and were always there in any time of need as well as family fun times. CD was a mentor to me, teaching me his business in electrical, sheet metal and plumbing contracting. When I graduated from high school they made it possible for me to go to college. I wish I could be there for the service but health issues prevent me from attending. Bobby C Workman
