“ Whenever I think of Donna I always think of our first Christmas after she got married to her children’s father, Billy Camp, and the way she made my day so special as I didn’t like her being married and I’m sure I showed it. She got me a T.V. and a record player and stereo! As a little kid I was so surprised and happy to see those extravagant gifts and I kept both up until the day I married! She was so good to me growing up and I looked on her as a sister not as an Aunt. Even after having kids she always did special things for me. She even baked me a cake in the shape of a piano and decorated it with the keys and everything! (She was always a fabulous cook especially baker). She was a great Aunt to me, never missing a birthday present and card and as I was 15 years younger it was greatly appreciated. She has been in my thoughts everyday since she passed and will continue to be both a feeling of sadness but mainly really good memories. May God help you Kelly to get through the trying times. Donna loved and appreciated everything you did for her. Lynne Talley (Neice)
