“ Mrs. Davis and Karen, I just found out about the loss of Angela. My condolences to you for your great loss. I have been desperately trying to find her since we last spoke in April. She was such a great person and friend, The years we worked together will always be remembered as the best time of my life. She was always there when I needed to talk about things. She was always supportive. I loved Angela like a sister. This has taken a piece of my heart. She will never be forgotten.
