“ *Anita called me when Sharron died, we talked for about 3 or 4 hours. She was so read up on the Bible. Her thoughts and beliefs were so much like my own that once we got started, we were finishing each others sentences. She was such a great person and loved her family to the moon and back. I will never forget the talks we have had nor the little comments on Facebook. She will be very missed by her family and friends but she is where she wants to be, in the arms of Jesus and back to her family. I am sure there is a great celebration going on right now. RIP my friend!! I'll see you and Sharron soon!!!!*

Remember to save me a seat.

Anita was one of the nicest ladies I have have ever had the privilege of meeting. I met her through my husband Allen and she befriended me without hesitation. She was an Angel then and an Heavenly Angel now. I love you Anita
