“ My pawpaw always was thereby I needed him. He always took the time to make sure he took me to go out on the river and to have me over working on stuff with him. He liked the same stuff I like and I'd have done anything for that man. He definitely taught me good life lessons and he always was happy to have me around. I was really close with my pawpaw and I'm lucky to have been able to spend so much time with him and to create so many memories. I love you pawpaw and I miss you more than you'll ever know. I wish you were still here but we will get to wor on stuff together again one day or maybe even kill an alligator and ride the boat. I love you pawpaw.

“ I remember his sense of humor...so funny. Daddy was a riot!!! I never loved a man more. He loved me and always let me know he did. I just hear him saying..."I love you too"....my heart still aches for you. Mama's with you now. Y'all watch over me and my family and loved ones and I'll see both of you again one day. Until then, my heart will hold both of you deep within it forever....I love you daddy...I miss you so much!!!!

“ Melvin was a part of the team for 10 years working within our Cushion Production facility at the Pelham, AL corporate headquarters. Everyone who came into contact with Melvin quickly saw how hard working he was as he could perform just about every role within our Cushion Production team with success. Melvin was known for having a big heart and was definitely loved by all.

“ I didn't know him well and we never even exchanged names. Yet, most afternoons I would step into the breakroom and he was there waiting on his ride maybe enjoying a snack. He would greet me with so much kindness and we would visit. He had such a welcoming warmth about him and a beautiful heart. I will miss him. I will keep his family in my prayers.

“ *Daddy, I miss you so much already. No you may not have been my real dad but you were there for me at work. We could talk about ANYTHING and we pretty much did. You gave me great advice. I am so glad I got to meet you and spend nearly ten years with you at work. I'm glad I got the memories of you.*
