“ I'm so sorry Teresa I didn't know until last week. Wish I had known ahead of time I would have been there for you. Wayne had such a fun warm bubbly personality. Wayne was there for me when my mama passed 6 years ago, wish I could have been there for you. I hadn't seen him for a while but I'll never forget him or you either you're both such good friends. Hope things are going well for you Teresa. Love to you and your family in this awful time need, love Terri Denty 🙏🙏🙏🙏

Hi Terry . I was so glad to see your message. Today is the first time I have looked at Wayne's obituary. I receive some pictures yesterday from my mom of When We Were kids. And I know you knew Wayne well and knew that he was just like you said bubbly and full of life always love life and love to laugh. I will never get over losing him. I'm very sorry for the loss of your mother. Wayne has mentioned you and Steve to me several times over the years so I know y'all are always in touch and I'm so glad he was there for you. Please tell Steve for me that I found out he was one of Wayne's pallbearers and wished I had been able to come over and say hello and tell him thank you for being there for Wayne and for us . Although I remember the way you both looked the last time I saw you , I was a little confused on who was who. it's been a lot of years. Terri this message from you mean so much . I was wondering if you remembered me. I was so glad to see so many there for Wayne. I know he was smiling. Terri I know you would have been there if you could have and so does Wayne . Thank you again. Love to you and your family and to Steve and his family.
