“ *There are so many memories to share but Earline was feisty and in her young days was a tomboy. She spent her days outside playing marbles, climbing trees, roughhousing and standing toe to toe with the meanest boys in Siluria. Lorene always had her slack and did her chores to keep her from getting a whooping. When Lorene and I were courting she always wanted to tag along.*

I am blessed to say she was my sister in law for 59 years. It is never good bye, just see ya later.

“ *My earliest childhood memories have Booger in them. She had eight kids between her & Poss. Even though there were wall to wall kids in her home she always had a place for her nieces & nephews. She loved us as her own. There was always plenty of laughter and shenanigans when you stayed at her home. She could be a spitfire sometimes but no matter what she had your back. Her journey here is done, now she can be reunited with her loved ones that went on before her.*

Give my momma a kiss for me and tell her that we will be along when it is our turn. I love you Booger!
