“ Elmer Vern Tater no matter what you called him he was a wonderful loving man would give you the world as long as she treated him as good as he treated you.

Turning his family opened his door to me and my sisters when my brother Jerry Johnson passed away. Vern used to help Jerry rebuild the motors in his cars that he drove on the tracks.

When Jerry passed from a motorcycle accident Vern and Linda opened their home to his sisters that they had never met before. And that was in 2003. Vern and Linda Ginger Chris Kaytlin Dakota have been nothing but family to me from that day on. 2008 my mother passed away they opened their homes to us again. What hearts this family has what a heart Vern had and Linda had for me. Fern came to me one day and said Marie go in there in that chest at the end of the bed I want you to pick out whatever deer skin you want that is like an initiation into the family. I still have it I'll hang it on my wall so proud so proud of it. When I didn't have a place to stay burn and Linda open their home to me. There's no greater Love than the love of two beautiful people like Linda and Vern. Elmer Vern Tater my brother spread your wings and fly and celebrate with our family that's up there with you. Love you I will see you soon.
Love Ree
