I can't even express my sorrow to hear of Janice's passing. Janice and I stayed in touch through FB and texting especially the last 10 years. We would talk about our grandchildren and of course discuss our health. Janice asked me many times to pray for her, which of course I did. She would always say she loved me and of course I loved her. My prayers go out to all of her family. She loved you all so much and so proud of the grandchildren. Donna I am especially praying for you as I know how much she depended on you and loved you so much. Prayers to all the family. May God bless.
