“ I wanted to share my prayers, deepest sympathy and best wishes for John and his family. I had the opportunity to work with John at the Hilti Birmingham Distribution Center. While I can say I did not always agree with John, he never failed to impress me with his personal character, knowledge and commitment to both his personal and professional life. For all those that knew John, the impact he had on our lives can never truly be measured. May he now rest in peace with God, and may his family be comforted by his memory. Respectfully, John Randall
