“*Juanita was a precious lady, full of life, with a special interest in her native American heritage. She was a talented musician, and a good friend. We ate distant cousins who met many years ago while haring family history information. I loved my time with Juanita and she wis trully missed. She rests safely in the arms og the Great Spirit.*

“*We share in your loss of Juanita. We have fond memories of her & my mother engaged in 'dueling keyboards' on the piano and organ at The Salvation Army in Gadsden. We know how special Victor was to her. And how she anticipated his birth, first steps and all the other phases of his growth. May God comfort you during this time.*
