“ I work at the doctor's office that Nanette came to. She and I had become very good friends and she was a very sweet and loving person. A life taken too soon and she will be missed but never forgotten.

“ Nanette,
I've called you my bestie since middle school. All the sleep overs we had, the good times riding in your dads golf cart and the great pleasure we once took in harassing Heather when we were younger. I could go on and on because we had decades of memories together and I am so grateful for every one of them. Fly high my beautiful angel friend for this is not a goodbye but a see you later message. I love with all my heart! ❤️
