“ *I met Nathan his Senior year when he was placed in one of my chemistry classes at Chelsea High School. He was a very bright young man and was so polite. He was eager to learn and actually borrowed an advanced chemistry text to study on his own. Every so often we'd chat about something he'd read or a piece of science news. It's so hard to believe that he is gone.*

I pray for the peace and comfort of all who loved Nathan.

“Nathan came into my life at Chelsea Elementary. I was his art teacher and then Assistant Principal until he went into the 5th Grade. I first met Nathan during a Mother's Day event . Mom's were invited to fly kites with their children. He was only 6 or 7 but I instantly fell in love with his sweet face. I bought him a kite and we flew it together. I have a picture of him that has stayed in my office for 15 years. He is the reason I went into administration---he made me a better person. As he moved into the 5th grade, I left Shelby county and moved back home. I have always kept up with him through friends of mine who teach. His sweet grandmother would make me pound cakes and I held him at his grandfather's funeral. I want his family to know how precious his life was to mine. I was blessed to have been a part of his for a brief time.
Mrs. Michelle Barker (He knew me as Ms. Head at Chelsea Elementary)
