“ *My dear brother Mark...I can't imagine not being able to hear your voice or your laughter. I know that each of us have an appointed time but for those that love you, that time for you leaving came too soon. You will be forever loved and missed. The moment you left this earth you entered into a glorious life, we know that. Still you have left a forever void in all of our lives of your family. I will see you Again my precious brother...until then, ❤️ your sister. V*
