“ We didn't call him Roger Dodger the all American boy for nothing. He was a great guy a good team leader and a good friend since 1969. We played football together and went to school together for four years in high school. When high school was over we stayed in touch and eventually went on a nine day hunting trip in Colorado together where we spend every minute together. The absolute time of my life. Later in life Roger helped me build my first house. We used his knowledge and got it done. I was extremely sad to hear of the passing of my friend Roger. Rick Yates
